Policy Statement

The intention of the In-Stream Policy is to give the applicant the opportunity to advantage their application under the policies that best fit their needs. The Policy is as follows:

Policy

"If, after:

- (a) an application for a subdivision, development permit, or de-designation has been submitted to the Development Officer in a form satisfactory to that official, and
- (b) the applicable fee has been paid, and the County adopts a bylaw that would otherwise be applicable to the application, the bylaw has no effect with respect to that application for a period of twelve (12) months after it was adopted unless the applicant agrees in writing that it should have effect."

To advantage this Policy, the applicant must tender a complete application and pay the applicable fee before the final date of adoption of the bylaw.
